

YUVA SPARSHA 2010 - FEEDBACKS

Dear Dr. Kapatkar ji,

It's very cheering to note the experience your both son's have had. Infact Sri Rakesh Hebbare who attended this camp from Goa has heartily expressed his wonderful & unforgettable experience. He is yet to reach Goa, but had just sometime back called me from Dharwad since he was very eager to express his gratitude to all the great leaders who organised this camp very successfully.

"It was very sad for me to depart from this camp" is what he quoted to me just sometime back.

I profoundly thank Sri Narayanrao Tatuskarji, Sri Sudhir Navaleji & his entire team for conducting this Yuva Sparsha Camp in a very successful manner and request them to make this a regular feature year after year.

Im sure, i will see some positive stint in the personality of Rakesh Hebbare from now onwards.

With Warm Regards,

Thank you so much for your praise worthy,inspiring words and feed back of the Yuva Sparsha Camp.

The real credit should go to my Yuva Sparsha Team leaders Shri Sudhir,Yogesh,Satish,Balkrishana and Shri Kamal Kumar,Who have worked day and night for the success of this camp.

Thease leaders they do not have any title in Mahasabha still they have taken this challenge because we knew this adventure camp is going to

*prepare the participants for the life they chose to live.

*Empowering our youth to Dream, to Dare, to Do!

*Provide the skills necessary to reach their highest potential,see the light and inspire them to take immediate

action.

*Be very important weekend of their life and the rest of their days.

*Radically reshape their physically life so they experience quantum leaps in their energy level.

*Create explosive gains in their personal confidence level so they do brilliant work and behave fearlessly.

I hope after this camp they will go home with better understanding of how to take leadership and apply it to their everyday lives!

I must thank Shri Mahadev Patange, President A.P. and his team for sending highest number of participant from Andhra Pradesh for this camp.

Dear Sri Narayan Rao Tatuskarji,

Very Very good morning and suprabhat:

While receiving the bhavsar youth at Kacheguda railway station to-day who attended the Yuva sparsh programme organized under your leadership, there was a tremendous happiness on their faces and change in their entire body language and the most important observation was that they were wishing each other as if they know themselves for a long time and this attitude was missing when they boarded the train before the camp. It is a marvellous effort by you and the entire team which has been personally motivated by you. I extend my personal sincere thanks to you and your entire family who is instrument for such a unforgettable event in the history of Bhavsars and other team members particularly Mr. Sudhir Navale, further my sincere thanks to the sponsors,

since the cost per participant charged is very meagre as I understood the total details of arrangement from Samaj Bhushan Sri Shanker Rao Mahindrakar. I extend my sincere thanks to Miss Rajashree Sutrave, Associate professor who had accompanied the students for the Yuva Sparsh camp.

Finally CREATING HISTORY IS MORE STRONGER THAN READING HISTORY and you have created history.

Once again my hearty congratulations and looking forward for similar projects.

Dear President,

The only boy from TamilNadu, Deepak Malathkar, who attended the Yuva Sparsha Camp is still in the world of dream. He was so excited, stimulated and stirred-up and blabber about the camp, day and night, to one and all. It was so interesting to hear that how each and every moment he lived in the camp. I hope due to age factor we all missed such an opportunity. The children and their parents who disagree to attend are now realising on hearing the words from that single boy. Now their mind and hearts are opened and waiting for the next camp.

I sincerely thank to all the organisers who up-lifted our children mentally and I also request them to help to bring up the economically backward children by giving them some business opportunity or Franchise for their business so as the youth of our community can stand on their foot under your guidance.

My best wishes to all for capitvating and charismatic effort.
